Dear Stuart,

On behalf of the Home Care Association of NJ I would like to extend our sincere appreciation for your keynote presentation at our 2008 annual conference.

You did a tremendous job connecting the *Six Fundamentals of Success* and the *Cut to the Chase* rules to the home care and hospice world. Your presentation was very thought provoking, humorous at times and oh so relevant.

Sharing the impact of global influences made us look at where we are and where we will need to be. Everyone left with a to-do list and I have already begun to state the purpose of every meeting and use the phrase "I got it".

Attendees used words like "fabulous", "excellent" and "best ever" when describing your program so we thank you for contributing to the success of our conference.

We look forward to working with you again in the future and wish you much success in all that you do.

Very truly yours,
